

I am excited to be mathematics and religion for the 6th, 7th and 8th grade classes. I have taught 1st and 4th grades during my first years of teaching. I graduated from Indiana University of Pennsylvania with a bachelors in Elementary Education (K-6) with a math and reading concentration. I am certified to teach middle school math (7-9). I have my masters degree from Waynesburg University as an Instructional Technology Specialist(K-12).

I have been married to my loving husband for 17 years. I really like cactus and succulent plants. I love to do crafts and go bowling. I was on my high school bowling team and bowling in leagues most of my life. I really love sharks and most sea creatures.

Fun Fact: I do not like coffee, but I love tea.
